Abstracts

Abstracts. 2002;121:99-102, 328-30, 431-4, 546

Acid etching

Etching conditions for resin-modified glass ionomer cement for orthodontic brackets (Valente et al). 2002;121:516-20

The relationship between acid-etch patterns and bond survival in vivo (Hobson et al). 2002;121:502-9

Activator appliances

Comparative study of the Fränkel (FR-2) and bionator appliances in the treatment of Class II malocclusion (de Almeida et al). 2002;121:458-66

Effectiveness of early treatment of Class II malocclusion (Wheeler et al). 2002;121:9-17

Growth and treatment changes in patients treated with a headgear-activator appliance (Bendeus et al). 2002;121:376-84

Therapeutic efficacy of an oral appliance in the treatment of obstructive sleep apnea: a 2-year follow-up (Rose et al). 2002;121:273-9

Adhesives

Comparison of fluoride release protocols for in-vitro testing of 3 orthodontic adhesives (Wheeler et al). 2002;121:301-9

The effect of repeated bonding on the shear bond strength of different orthodontic adhesives (Bishara et al). 2002;121:521-5

Effect of time on the shear bond strength of cyanoacrylate and composite orthodontic adhesives (Bishara et al). 2002;121:297-300

In vivo bracket retention comparison of a resin-modified glass ionomer cement and a resin-based bracket adhesive system after a year (Hegarty and Macfarlane). 2002;121:496-502

The relationship between acid-etch patterns and bond survival in vivo (Hobson et al). 2002;121:502-9

Remnant amount and cleanup for 3 adhesives after debracketing (David et al). 2002;121:291-6

Adolescence

Congenitally missing teeth: orthodontic management in the adolescent patient (Kokich). 2002;121:594-5

Minors and statutes of repose (Jerrold). 2002;121:661-3 (Litigation/legis./ethics)

Agnesis

Malposition of unerupted mandibular second premolar associated with agnesis of its antimer (Shalish et al). 2002;121:53-6

Alberta

Orthodontic treatment outcome in a First Nations population in Alberta, Canada: a comparative study (Cadman et al). 2002;121:396-402

Algorithms

Numerical experiments on long-time orthodontic tooth movement (Schneider et al). 2002;121:257-65

Alveolar bone

Numerical experiments on long-time orthodontic tooth movement (Schneider et al). 2002;121:257-65

Alveolar ridge augmentation

Congenitally missing teeth: orthodontic management in the adolescent patient (Kokich). 2002;121:594-5

The reconstruction of bilateral cleft using endosseous implants after bone grafting (Isono et al). 2002;121:403-10 (Case rep.)

American Association of Orthodontics

Continuing education. 2002;121:97-9, 192-3, 324-5, 426-7

Directory. 2002;121:106, 242, 334, 436

Ortho news. 2002;121:103-5, 240-1, 331-3, 435, 547, 665

American Association of Orthodontists

AAO coordinates specialties to recruit and retain dental faculty (Turpin). 2002;121:1 (Editorial)

AAO looks to the future (Turpin). 2002;121:107 (Editorial)

Orthodontic graduate education survey, 1983-2000 (Keim and Sinclair). 2002;121:2-8 (Special article)

Technology, teaching, and the AAOF (Scholz). 2002;121:108-9 (Guest editorial)

American Dental Association

AAO coordinates specialties to recruit and retain dental faculty (Turpin). 2002;121:1 (Editorial)

ANB angle

Craniofacial features of patients with Class III abnormalities: growth-related changes and effects of short-term and long-term chinup therapy (Deguchi et al). 2002;121:84-92

Animal models

The effect of functional occlusal forces on orthodontic tooth movement and tissue recovery in rats (Terespolsky et al). 2002;121:620-8

Experimental tooth movement through mature and immature bone regenerates after distraction osteogenesis in dogs (Nakamoto et al). 2002;121:385-95

Antegonial notch

Evaluation of antegonial notch depth for growth prediction (Kolodziej et al). 2002;121:357-63

Archwires; see Orthodontic wires

Asians; see Ethnic groups

Attractiveness; see Beauty

B

Beauty

Orthodontics justified as a profession (Rinchuse and Rinchuse). 2002;121:93-6 (Special article)

Soft tissue profile in Anatolian Turkish adults: part I. Evaluation of horizontal lip position using different soft tissue analyses (Erbay et al). 2002;121:57-64

Bicuspid; see Premolar

Bilateral sagittal split osteotomy

Rigid versus wire fixation for mandibular advancement: skeletal and dental changes after 5 years (Dolce et al). 2002;121:610-9

Biomechanics

Biomechanics of maxillary expansion and protraction in Class III patients (Ngan). 2002;121:582-3

Validated numerical modeling of the effects of combined orthodontic and orthognathic surgical treatment on TMJ loads and muscle forces (Nickel et al). 2002;121:73-83

Bionator; see Activator appliances

Bite force

The effect of functional occlusal forces on orthodontic tooth movement and tissue recovery in rats (Terespolsky et al). 2002;121:620-8

Validated numerical modeling of the effects of combined orthodontic and orthognathic surgical treatment on TMJ loads and muscle forces (Nickel et al). 2002;121:73-83

Bond strength

A comparison of shear bond strengths of orthodontic brackets using various light sources, light guides, and cure times (Evans et al). 2002;121:510-5

The effect of repeated bonding on the shear bond strength of different orthodontic adhesives (Bishara et al). 2002;121:521-5

Effect of time on the shear bond strength of cyanoacrylate and composite orthodontic adhesives (Bishara et al). 2002;121:297-300

Etching conditions for resin-modified glass ionomer cement for orthodontic brackets (Valente et al). 2002;121:516-20

Bonding

The relationship between acid-etch patterns and bond survival in vivo (Hobson et al). 2002;121:502-9

Remnant amount and cleanup for 3 adhesives after debracketing (David et al). 2002;121:291-6

Bone regeneration

Experimental tooth movement through mature and immature bone regenerates after distraction osteogenesis in dogs (Nakamoto et al). 2002;121:385-95

*January, pp. 1-106; February, pp. 107-242; March, pp. 243-334; April, pp. 335-436; May, pp. 437-550; June, pp. 551-684.

Bone remodeling

Numerical experiments on long-time orthodontic tooth movement (Schneider et al). 2002;121:257-65

Bone transplantation

The reconstruction of bilateral cleft using endosseous implants after bone grafting (Isono et al). 2002;121:403-10 (Case rep.)

Breast feeding

Duration of nutritive and nonnutritive sucking behaviors and their effects on the dental arches in the primary dentition (Warren and Bishara). 2002;121:347-56

C**Canada**

Orthodontic treatment outcome in a First Nations population in Alberta, Canada: a comparative study (Cadman et al). 2002;121:396-402

Canine tooth

Congenitally missing teeth: orthodontic management in the adolescent patient (Kokich). 2002;121:594-5

Correction of a bilateral maxillary canine-first premolar transposition in the late mixed dentition (Bocchieri and Braga). 2002;121:120-8 (Case rep.)

Dental morphologic characteristics of normal versus delayed developing dentitions with palatally displaced canines (Chaushu et al). 2002;121:339-46

Early treatment of tooth-eruption disturbances (Kurol). 2002;121:588-91

Periodontal concerns associated with the orthodontic treatment of impacted teeth (Frank and Long). 2002;121:639-49 (Case rep.)

Transposed and impacted maxillary canine with ipsilateral congenitally missing lateral incisor (Talbot and Hill). 2002;121:316-23 (Case rep.)

Case reports

Case reports. 2002;121:120-8, 316-23, 403-18, 531-7, 629-38, 639-49

Cements

A comparison of in vitro enamel demineralization potential of 3 orthodontic cements (Foley et al). 2002;121:526-30

Cephalometry

Critical assessment of a device to measure incisor crown inclination (Ghahferokhi et al). 2002;121:185-91 (Clin. corner)

Digital radiography for the orthodontist (Wenzel and Gotfredsen). 2002;121:231-5

Long-term effects of rapid maxillary expansion: a posteroanterior cephalometric evaluation (Cameron et al). 2002;121:129-35

Relationship between formation/eruption of maxillary teeth and skeletal pattern of maxilla (Suda et al). 2002;121:46-52

Three-dimensional assessment of the effects of extraction and nonextraction orthodontic treatment on the face (Ismail et al). 2002;121:244-56

What price progress? (Ackerman and Proffit). 2002;121:243 (Guest editorial)

Charged-coupled device

Digital radiography for the orthodontist (Wenzel and Gotfredsen). 2002;121:231-5

Child

Malposition of unerupted mandibular second premolar associated with agenesis of its antimere (Shalish et al). 2002;121:53-6

Chin position

Estimated natural head position and facial morphology (Halazonetis). 2002;121:364-8

Chincap; see Extraoral traction appliances**Cleft lip**

The reconstruction of bilateral cleft using endosseous implants after bone grafting (Isono et al). 2002;121:403-10 (Case rep.)

A Web-based cleft lip and palate registry (Douglass et al). 2002;121:424-5

Cleft palate

The reconstruction of bilateral cleft using endosseous implants after bone grafting (Isono et al). 2002;121:403-10 (Case rep.)

A Web-based cleft lip and palate registry (Douglass et al). 2002;121:424-5

Clinical conference

Early treatment conference alters clinical focus (Turpin). 2002;121:335-6 (Editorial)

Clinician's corner

Clinician's corner. 2002;121:185-91, 419-23, 650-4

Clinics

Orthodontic graduate education survey, 1983-2000 (Keim and Sinclair). 2002;121:2-8 (Special article)

Collateral estoppel

A duck is a duck (Jerrold). 2002;121:326-7 (Litigation/legis/ethics)

Communication

Online patient communications (Povolny). 2002;121:655-8

Composite resins

Comparison of fluoride release protocols for in-vitro testing of 3 orthodontic adhesives (Wheeler et al). 2002;121:301-9

A comparison of shear bond strengths of orthodontic brackets using various light sources, light guides, and cure times (Evans et al). 2002;121:510-5

Effect of time on the shear bond strength of cyanoacrylate and composite orthodontic adhesives (Bishara et al). 2002;121:297-300

Remnant amount and cleanup for 3 adhesives after debracketing (David et al). 2002;121:291-6

Computed tomography; see X-ray computed tomography**Computer simulation**

Validated numerical modeling of the effects of combined orthodontic and orthognathic surgical treatment on TMJ loads and muscle forces (Nickel et al). 2002;121:73-83

Computers

Invisalign A to Z (Wong). 2002;121:540-1

Online patient communications (Povolny). 2002;121:655-8

What price progress? (Ackerman and Proffit). 2002;121:243 (Guest editorial)

Condyle; see Mandibular condyle**Congenitally missing teeth**

Congenitally missing teeth: orthodontic management in the adolescent patient (Kokich). 2002;121:594-5

Contracts

I knew him when (Jerrold). 2002;121:236-7 (Litigation/legis/ethics)

Corporate practice; see Professional corporations**Costs and cost analysis**

Orthodontic graduate education survey, 1983-2000 (Keim and Sinclair). 2002;121:2-8 (Special article)

Covenants

I knew him when (Jerrold). 2002;121:236-7 (Litigation/legis/ethics)

Cranio-mandibular disorders

Fränkel appliance therapy and the temporomandibular disc: a prospective magnetic resonance imaging study (Franco et al). 2002;121:447-57

Orthodontics and temporomandibular disorder: a meta-analysis (Kim et al). 2002;121:438-46

Orthodontics justified as a profession (Rinchuse and Rinchuse). 2002;121:93-6 (Special article)

Tomographic assessment of temporomandibular joint osseous articular surface contour and spatial relationships associated with disc displacement and disc length (Major et al). 2002;121:152-61

Validated numerical modeling of the effects of combined orthodontic and orthognathic surgical treatment on TMJ loads and muscle forces (Nickel et al). 2002;121:73-83

Crowding; see Malocclusion**Crowns**

Critical assessment of a device to measure incisor crown inclination (Ghahferokhi et al). 2002;121:185-91 (Clin. corner)

Curriculum

AAO coordinates specialties to recruit and retain dental faculty (Turpin). 2002;121:1 (Editorial)

Orthodontic graduate education survey, 1983-2000 (Keim and Sinclair). 2002;121:2-8 (Special article)

Curve of Spee

Long-term stability of the leveling of the curve of Spee (De Praeter et al). 2002;121:266-72

Cuspid; see Canine tooth**Cyanoacrylates**

Effect of time on the shear bond strength of cyanoacrylate and composite orthodontic adhesives (Bishara et al). 2002;121:297-300

Cyclic AMP

Expression of secretory proteins in oral fluid after orthodontic tooth movement (Burke et al). 2002;121:310-5

D

Data collection

Orthodontic graduate education survey, 1983-2000 (Keim and Sinclair). 2002;121:2-8 (Special article)

Debonding

Effect of time on the shear bond strength of cyanoacrylate and composite orthodontic adhesives (Bishara et al). 2002;121:297-300

Remnant amount and cleanup for 3 adhesives after debonding (David et al). 2002;121:291-6

Dental age

Dental morphologic characteristics of normal versus delayed developing dentitions with palatally displaced canines (Chausu et al). 2002;121:339-46

Dental arch

Comparison of resistance to sliding between different self-ligating brackets with second-order angulation in the dry and saliva states (Thorstenon and Kusy). 2002;121:472-82

Duration of nutritive and nonnutritive sucking behaviors and their effects on the dental arches in the primary dentition (Warren and Bishara). 2002;121:347-56

Early treatment conference alters clinical focus (Turpin). 2002;121:335-6 (Editorial)

Long-term stability of the leveling of the curve of Spee (De Praeter et al). 2002;121:266-72

Orthodontic correction of transverse arch asymmetries (Kusnoto et al). 2002;121:38-45

Serial extraction revisited: 30 years in retrospect (Boley). 2002;121:575-7

Stability and relapse: early treatment of arch length shortage (Little). 2002;121:578-81

Dental casting technique

Critical assessment of a device to measure incisor crown inclination (Ghahferokhi et al). 2002;121:185-91 (Clin. corner)

Dental enamel

A comparison of in vitro enamel demineralization potential of 3 orthodontic cements (Foley et al). 2002;121:526-30

Dental instruments

Effect of steam versus dry-heat sterilization on the wear of orthodontic ligature-cutting pliers (Vendrell et al). 2002;121:467-71

Dental management service organizations

Treatment outcomes in 3 modes of orthodontic practice (Poulton et al). 2002;121:176-84

Dental plaque

Periodontal concerns associated with the orthodontic treatment of impacted teeth (Frank and Long). 2002;121:639-49 (Case rep.)

Dentition, mixed

Correction of a bilateral maxillary canine-first premolar transposition in the late mixed dentition (Bocchieri and Braga). 2002;121:120-8 (Case rep.)

Efficiency of early and late Class II Division 1 treatment (von Bremen and Pancherz). 2002;121:31-7

Treatment of crowding in the mixed dentition (Gianelly). 2002;121:569-71

Dentition, primary

Duration of nutritive and nonnutritive sucking behaviors and their effects on the dental arches in the primary dentition (Warren and Bishara). 2002;121:347-56

Skeletal Class II patterns in the primary dentition (Klocke et al). 2002;121:596-60

Dentofacial deformities

Biological rationale for early treatment of dentofacial deformities (Carlsson). 2002;121:554-8

Diagnostic imaging

The accuracy of 4 panoramic units in the projection of mesiodistal tooth angulations (McKee et al). 2002;121:166-75

Critical assessment of a device to measure incisor crown inclination (Ghahferokhi et al). 2002;121:185-91 (Clin. corner)

Digital radiography for the orthodontist (Wenzel and Gotfredsen). 2002;121:231-5

What price progress? (Ackerman and Proffit). 2002;121:243 (Guest editorial)

Digital radiography; see Radiographic image enhancement

Distraction osteogenesis

Condylar displacement related to mandibular symphyseal distraction (Braun et al). 2002;121:162-5

Experimental tooth movement through mature and immature bone regenerates after distraction osteogenesis in dogs (Nakamoto et al). 2002;121:385-95

Midsymphyseal distraction osteogenesis for correcting transverse mandibular discrepancies (Del Santo et al). 2002;121:629-38 (Case rep.)

Dogs

Experimental tooth movement through mature and immature bone regenerates after distraction osteogenesis in dogs (Nakamoto et al). 2002;121:385-95

E

Early treatment

Answers in search of questioners (Johnston). 2002;121:552-3

Autogenic dental transplants (Northway). 2002;121:592-3

Biological rationale for early treatment of dentofacial deformities (Carlsson). 2002;121:554-8

Biomechanics of maxillary expansion and protraction in Class III patients (Ngan). 2002;121:582-3

Congenitally missing teeth: orthodontic management in the adolescent patient (Kokich). 2002;121:594-5

Early application of chinap therapy to skeletal Class III malocclusion (Mitani). 2002;121:584-5

Early intervention in the transverse dimension: is it worth the effort? (McNamara). 2002;121:572-4

Early treatment conference alters clinical focus (Turpin). 2002;121:335-6 (Editorial)

Early treatment for impacted maxillary incisors (Becker). 2002;121:586-7

Early treatment of open bite malocclusions (English). 2002;121:563-5

Early treatment of tooth-eruption disturbances (Kuroi). 2002;121:588-91

Effectiveness of early treatment of Class II malocclusion (Wheeler et al). 2002;121:9-17

Efficiency of early and late Class II Division 1 treatment (von Bremen and Pancherz). 2002;121:31-7

Preadolescent Class II problems: treat now or wait? (Proffit and Tulloch). 2002;121:560-2

Serial extraction revisited: 30 years in retrospect (Boley). 2002;121:575-7

Stability and relapse: early treatment of arch length shortage (Little). 2002;121:578-81

Stability of open bite treatment (Shapiro). 2002;121:566-8

Treatment of crowding in the mixed dentition (Gianelly). 2002;121:569-71

Treatment timing and outcome (Pancherz). 2002;121:559

Editorials

AAO coordinates specialties to recruit and retain dental faculty (Turpin). 2002;121:1

AAO looks to the future (Turpin). 2002;121:107

Does science matter when selecting an office partner? (Turpin). 2002;121:437

Early treatment conference alters clinical focus (Turpin). 2002;121:335-6

Orthodontists rely on education, experience to treat patients and research to answer vexing questions (Turpin). 2002;121:551

Technology, teaching, and the AAO (Scholz). 2002;121:108-9

"Two" much of a good thing? then let's pick one slot size and make it metric (Kusy). 2002;121:337-8

What price progress? (Ackerman and Proffit). 2002;121:243

Education, graduate

AAO coordinates specialties to recruit and retain dental faculty (Turpin). 2002;121:1 (Editorial)

Orthodontic graduate education survey, 1983-2000 (Keim and Sinclair). 2002;121:2-8 (Special article)

Orthodontists rely on education, experience to treat patients and research to answer vexing questions (Turpin). 2002;121:551 (Editorial)

"Two" much of a good thing? then let's pick one slot size and make it metric (Kusy). 2002;121:337-8 (Guest editorial)

Orthognathic surgery

Efficacy of high condylectomy for management of condylar hyperplasia (Wolford et al). 2002;121:136-51

Validated numerical modeling of the effects of combined orthodontic and orthognathic surgical treatment on TMJ loads and muscle forces (Nickel et al). 2002;121:73-83

Osseous adaptation

Tomographic assessment of temporomandibular joint osseous articular surface contour and spatial relationships associated with disc displacement and disc length (Major et al). 2002;121:152-61

Osteogenesis

Condylar displacement related to mandibular symphyseal distraction (Braun et al). 2002;121:162-5
Experimental tooth movement through mature and immature bone regenerates after distraction osteogenesis in dogs (Nakamoto et al). 2002;121:385-95
Midsymphyseal distraction osteogenesis for correcting transverse mandibular discrepancies (Del Santo et al). 2002;121:629-38 (Case rep.)

Osteotomy

Rigid versus wire fixation for mandibular advancement: skeletal and dental changes after 5 years (Dolce et al). 2002;121:610-9

Outcome assessment

Craniofacial features of patients with Class III abnormalities: growth-related changes and effects of short-term and long-term chin cup therapy (Deguchi et al). 2002;121:84-92
Effectiveness of early treatment of Class II malocclusion (Wheeler et al). 2002;121:9-17
Efficacy of high condylectomy for management of condylar hyperplasia (Wolford et al). 2002;121:136-51
Efficiency of early and late Class II Division 1 treatment (von Bremen and Pancherz). 2002;121:31-7
Long-term stability of the leveling of the curve of Spee (De Praeter et al). 2002;121:266-72
Orthodontic correction of transverse arch asymmetries (Kusnoto et al). 2002;121:38-45
Orthodontic treatment outcome in a First Nations population in Alberta, Canada: a comparative study (Cadman et al). 2002;121:396-402
Outcome of tooth transplantation: survival and success rates 17-41 years posttreatment (Czochrowska et al). 2002;121:110-9
Treatment outcomes in 3 modes of orthodontic practice (Poulton et al). 2002;121:176-84
Treatment timing and outcome (Pancherz). 2002;121:559
Validated numerical modeling of the effects of combined orthodontic and orthognathic surgical treatment on TMJ loads and muscle forces (Nickel et al). 2002;121:73-83

Overbite

Treatment of a Class II malocclusion with deep overbite (Hammond). 2002;121:531-7 (Case rep.)

P**Palatal expansion technique**

Early intervention in the transverse dimension: is it worth the effort? (McNamara). 2002;121:572-4
Early treatment of open bite malocclusions (English). 2002;121:563-5

Palatally displaced canines

Dental morphologic characteristics of normal versus delayed developing dentitions with palatally displaced canines (Chaushu et al). 2002;121:339-46

Panoramic radiography; see Radiography, panoramic**Partnership practice**

Does science matter when selecting an office partner? (Turpin). 2002;121:437 (Editorial)

Patient compliance

Accuracy of patient reporting as an indication of headgear compliance (Cole). 2002;121:419-23 (Clin. corner)

Patient satisfaction

Orthodontics justified as a profession (Rinchuse and Rinchuse). 2002;121:93-6 (Special article)

Peer assessment rating index

Efficiency of early and late Class II Division 1 treatment (von Bremen and Pancherz). 2002;121:31-7
Orthodontic treatment outcome in a First Nations population in Alberta, Canada: a comparative study (Cadman et al). 2002;121:396-402
Treatment timing and outcome (Pancherz). 2002;121:559

Periodontal ligament

The effect of functional occlusal forces on orthodontic tooth movement and tissue recovery in rats (Terespolsky et al). 2002;121:620-8

Periodontium

Periodontal concerns associated with the orthodontic treatment of impacted teeth (Frank and Long). 2002;121:639-49 (Case rep.)

Personnel selection

AAO coordinates specialties to recruit and retain dental faculty (Turpin). 2002;121:1 (Editorial)

Photography

What price progress? (Ackerman and Proffit). 2002;121:243 (Guest editorial)

Polycarboxylate cement

A comparison of in vitro enamel demineralization potential of 3 orthodontic cements (Foley et al). 2002;121:526-30

Polyethylenes

Four applications of reinforced polyethylene fiber material in orthodontic practice (Karaman et al). 2002;121:650-4 (Clin. corner)

Polysomnography

Therapeutic efficacy of an oral appliance in the treatment of obstructive sleep apnea: a 2-year follow-up (Rose et al). 2002;121:273-9

Practice management

Does science matter when selecting an office partner? (Turpin). 2002;121:437 (Editorial)
Treatment outcomes in 3 modes of orthodontic practice (Poulton et al). 2002;121:176-84

Preadolescence

Preadolescent Class II problems: treat now or wait? (Proffit and Tulloch). 2002;121:560-2

Prediction; see Forecasting**Premolar**

Congenitally missing teeth: orthodontic management in the adolescent patient (Kokich). 2002;121:594-5
Correction of a bilateral maxillary canine-first premolar transposition in the late mixed dentition (Bocchieri and Braga). 2002;121:120-8 (Case rep.)
Dental morphologic characteristics of normal versus delayed developing dentitions with palatally displaced canines (Chaushu et al). 2002;121:339-46
Early treatment of tooth-eruption disturbances (Kurol). 2002;121:588-91
Malposition of unerupted mandibular second premolar associated with agenesis of its antimeres (Shalish et al). 2002;121:53-6
Transposed and impacted maxillary canine with ipsilateral congenitally missing lateral incisor (Talbot and Hill). 2002;121:316-23 (Case rep.)

Primary dentition; see Dentition, primary**Private practice**

Treatment outcomes in 3 modes of orthodontic practice (Poulton et al). 2002;121:176-84

Professional corporations

Treatment outcomes in 3 modes of orthodontic practice (Poulton et al). 2002;121:176-84

Professional practice

Orthodontics justified as a profession (Rinchuse and Rinchuse). 2002;121:93-6 (Special article)
Treatment outcomes in 3 modes of orthodontic practice (Poulton et al). 2002;121:176-84

Prognathism

Early application of chin cup therapy to skeletal Class III malocclusion (Mitani). 2002;121:584-5

Q**Quality of care**

Treatment outcomes in 3 modes of orthodontic practice (Poulton et al). 2002;121:176-84

R**Radiographic image enhancement**

Digital radiography for the orthodontist (Wenzel and Gotfredsen). 2002;121:231-5

Radiography

Critical assessment of a device to measure incisor crown inclination (Ghahferokhi et al). 2002;121:185-91 (Clin. corner)

What price progress? (Ackerman and Proffit). 2002;121:243 (Guest editorial)

Radiography, panoramic

The accuracy of 4 panoramic units in the projection of mesiodistal tooth angulations (McKee et al). 2002;121:166-75

Digital radiography for the orthodontist (Wenzel and Gotfredsen). 2002;121:231-5

Rapid maxillary expansion

Long-term effects of rapid maxillary expansion: a posteroanterior cephalometric evaluation (Cameron et al). 2002;121:129-35

Rats

The effect of functional occlusal forces on orthodontic tooth movement and tissue recovery in rats (Terespolsky et al). 2002;121:620-8

Rebonding

The effect of repeated bonding on the shear bond strength of different orthodontic adhesives (Bishara et al). 2002;121:521-5

Recruitment; see Personnel selection

Registries

A Web-based cleft lip and palate registry (Douglass et al). 2002;121:424-5

Reliability and validity; see Reproducibility of results

Reproducibility of results

Critical assessment of a device to measure incisor crown inclination (Ghahferokhi et al). 2002;121:185-91 (Clin. corner)

Research

Orthodontic graduate education survey, 1983-2000 (Keim and Sinclair). 2002;121:2-8 (Special article)

Orthodontists rely on education, experience to treat patients and research to answer vexing questions (Turpin). 2002;121:551 (Editorial)

Resins

Comparison of fluoride release protocols for in-vitro testing of 3 orthodontic adhesives (Wheeler et al). 2002;121:301-9

A comparison of shear bond strengths of orthodontic brackets using various light sources, light guides, and cure times (Evans et al). 2002;121:510-5

Effect of time on the shear bond strength of cyanoacrylate and composite orthodontic adhesives (Bishara et al). 2002;121:297-300

Etching conditions for resin-modified glass ionomer cement for orthodontic brackets (Valente et al). 2002;121:516-20

In vivo bracket retention comparison of a resin-modified glass ionomer cement and a resin-based bracket adhesive system after a year (Hegarty and Macfarlane). 2002;121:496-502

Remnant amount and cleanup for 3 adhesives after debonding (David et al). 2002;121:291-6

Restrictive covenants

I knew him when (Jerrold). 2002;121:236-7 (Litigation/legis./ethics)

Retention

Serial extraction revisited: 30 years in retrospect (Boley). 2002;121:575-7

Stability and relapse: early treatment of arch length shortage (Little). 2002;121:578-81

Retrognathism

Rigid versus wire fixation for mandibular advancement: skeletal and dental changes after 5 years (Dolce et al). 2002;121:610-9

Reviews

Reviews and abstracts. 2002;121:99-102, 328-30, 431-4, 546

Root geometry

Numerical experiments on long-time orthodontic tooth movement (Schneider et al). 2002;121:257-65

Root resorption

Experimental tooth movement through mature and immature bone regenerates after distraction osteogenesis in dogs (Nakamoto et al). 2002;121:385-95

S

Saliva

Comparison of resistance to sliding between different self-ligating brackets with second-order angulation in the dry and saliva states (Thorstenon and Kusy). 2002;121:472-82

Salivary proteins

Expression of secretory proteins in oral fluid after orthodontic tooth movement (Burke et al). 2002;121:310-5

Serial extraction

Early treatment conference alters clinical focus (Turpin). 2002;121:335-6 (Editorial)

Sex characteristics

Dental morphologic characteristics of normal versus delayed developing dentitions with palatally displaced canines (Chausu et al). 2002;121:339-46

Shapiro, Everett

Everett Shapiro, 1917-2002 (Briss). 2002;121:430 (In memoriam)

Shear bond strength; see Bond strength

Sleep apnea syndromes

Therapeutic efficacy of an oral appliance in the treatment of obstructive sleep apnea: a 2-year follow-up (Rose et al). 2002;121:273-9

Soft tissue analysis

Soft tissue profile in Anatolian Turkish adults: part I. Evaluation of horizontal lip position using different soft tissue analyses (Erbay et al). 2002;121:57-64

Soft tissue profile in Anatolian Turkish adults: part II. Comparison of different soft tissue analyses in the evaluation of beauty (Erbay and Caniklioğlu). 2002;121:65-72

Software

Online patient communications (Povolny). 2002;121:655-8

Special articles

Special articles. 2002;121:2-8, 93-6

Specialties, dental

AAO coordinates specialties to recruit and retain dental faculty (Turpin). 2002;121:1 (Editorial)

Splints

Four applications of reinforced polyethylene fiber material in orthodontic practice (Karaman et al). 2002;121:650-4 (Clin. corner)

Standardization

"Two" much of a good thing? then let's pick one slot size and make it metric (Kusy). 2002;121:337-8 (Guest editorial)

Statutes of repose

Minors and statutes of repose (Jerrold). 2002;121:661-3 (Litigation/legis./ethics)

Sterilization

Effect of steam versus dry-heat sterilization on the wear of orthodontic ligature-cutting pliers (Vendrell et al). 2002;121:467-71

Storage phosphor image plate

Digital radiography for the orthodontist (Wenzel and Gotfredsen). 2002;121:231-5

Stress, mechanical

Expression of secretory proteins in oral fluid after orthodontic tooth movement (Burke et al). 2002;121:310-5

Load-deflection characteristics of superelastic nickel-titanium orthodontic wires (Wilkinson et al). 2002;121:483-95

Numerical experiments on long-time orthodontic tooth movement (Schneider et al). 2002;121:257-65

Students

Orthodontic graduate education survey, 1983-2000 (Keim and Sinclair). 2002;121:2-8 (Special article)

Sucking behavior

Duration of nutritive and nonnutritive sucking behaviors and their effects on the dental arches in the primary dentition (Warren and Bishara). 2002;121:347-56

Superelasticity

Load-deflection characteristics of superelastic nickel-titanium orthodontic wires (Wilkinson et al). 2002;121:483-95

Surface shape analysis

Three-dimensional assessment of the effects of extraction and nonextraction orthodontic treatment on the face (Ismail et al). 2002;121:244-56

Surveys; see Data collection

Survival

Outcome of tooth transplantation: survival and success rates 17-41 years posttreatment (Czochrowska et al). 2002;121:110-9
